

Trilingual glossary of geography terms for the Diploma Programme

Version 1.1

March 2017

abiotic*French* abiotique*Spanish* abiótico**abiotic resource***French* ressource abiotique*Spanish* recurso abiótico**accessibility***French* accessibilité*Spanish* accesibilidad**accretion***French* accrétion*Spanish* acreción**adaptation***French* adaptation*Spanish* adaptación

advancing coast *Definition:* this is a depositional coast that is accreting as a consequence of deposition of sediment and/or the infill of coastal marshes. An advancing coast may also arise from a negative change in sea level (sea level fall or uplift of land)

French côte en progression*Spanish* costa en avanc**aerial photograph***French* photographies aériennes*Spanish* fotografía aérea**aesthetic change***French* atteinte à l'esthétique de l'environnement*Spanish* cambio estético**affluence***French* richesse*Spanish* prosperidad económica**afforestation***French* reboisement*Spanish* reforestación**aftermath***French* conséquence*Spanish* consecuencia**ageing population***French* population vieillissante*Spanish* población envejecida**ageing ratio***French* indice de vieillissement*Spanish* índice de envejecimiento**agribusiness***French* industries agricoles*Spanish* agroindustria**agricultural subsidies***French* subventions agricoles*Spanish* subsidios agrícolas**agro-chemical runoff***French* écoulement de produits agrochimiques*Spanish* escurrimiento de productos agroquímicos**agro-industrialization***French* agro-industrialisation*Spanish* agroindustrialización**aid***French* aide*Spanish* ayuda**air freight***French* fret aérien*Spanish* transporte aéreo de mercancías**air pollution***French* pollution de l'air*Spanish* contaminación atmosférica**alternative trading network***French* réseau de commerce alternatif*Spanish* red de comercio alternativo**annotated diagram***French* schémas anotés*Spanish* diagrama anotado**annotated map***French* cartes annotées*Spanish* mapa anotado**anti-globalization group***French* groupes altermondialistes*Spanish* grupo antiglobalización**anti-globalization movement***French* mouvements altermondialiste*Spanish* movimiento antiglobalización**anti-Malthusian view***French* point de vue antimalthusien*Spanish* perspectiva antimaltusiana**anti-natalist policy***French* politique antinataliste*Spanish* política antinatalista**aquaculture***French* aquaculture*Spanish* acuicultura**aquifer***French* aquifère*Spanish* acuífero

archival evidence *Note:* This is a way of gaining knowledge.

French document d'archives*Spanish* material documental

area references

French coordonnées de quadrillage à six chiffre

Spanish sistema de referencia de áreas

arête

French arête

Spanish arista

arid

French aride

Spanish árido

arid environment

French milieu aride

Spanish medio árido

aridity

French aridité

Spanish aridez

artesian basin

French bassin artésien

Spanish cuenca artesiana

artificial recharge

French réalimentation artificielle

Spanish recarga artificial

Association of Southeast Asian Nations ASEAN

French Association des Nations de l'Asie du Sud-Est ANASE

Spanish Asociación de Naciones del Sudeste Asiático ASEAN

atmosphere-oceanic interactions

French interactions atmosphère-océan

Spanish interacción entre la atmósfera y el océano

audiovisual material

French matériel audiovisuel

Spanish material audiovisual

average

French moyenne

Spanish promedio

balanced view*French* **vision équilibrée***Spanish* **punto de vista equilibrado****bankfull discharge***French* **débit de plein bord***Spanish* **caudal de la máxima crecida ordinaria****bar graph***French* **graphique à barres***Spanish* **gráfico de barras****barrier***French* **barrière, obstacle***Spanish* **barrera, obstáculo****beach***French* **plage***Spanish* **playa****bilateral agreement***French* **accords bilatéraux***Spanish* **acuerdo bilateral****biodiversity***French* **biodiversité***Spanish* **biodiversidad****biome***French* **biome***Spanish* **bioma****biotic resource***French* **ressource biotique***Spanish* **recurso biótico****bipolar graph***French* **graphique pyramidal***Spanish* **gráfico bipolar****birth ratio***French* **taux de masculinité à la naissance; sex-ratio***Spanish* **proporción de sexos al nacer****bog** *Related term: wetland**French* **tourbière***Spanish* **ciénaga****branded commodities***French* **produits de base de marque***Spanish* **producto de marca**

BRICS *Definition: Acronym for an association of five emerging nations - Brazil, Russia, India, China and South Africa : BRICS.*

French **BRICS***Spanish* **BRICS**

brownfield site *Definition: Abandoned, derelict, or under-used industrial buildings and land, which may be contaminated, but with potential for*

*redevelopment**French* **friche industrielle***Spanish* **terreno industrial abandonado****business enterprise***French* **entreprise commerciale***Spanish* **empresa comercial**

calorie intake*French* **apport calorique***Spanish* **consumo de calorías****carbon emission***French* **émission de carbone***Spanish* **emisión de carbono****carbon footprint***French* **empreinte carbone***Spanish* **huella de carbono****cartographic image***French* **image cartographique***Spanish* **imagen cartográfica****cartographic material***French* **document cartographique***Spanish* **material cartográfico****cartoon***French* **dessin humoristique***Spanish* **Cómic****census***French* **recensement***Spanish* **censo****central business district***Abbreviation:* CBD*French* **quartier central des affaires** *Abbreviation:* QCA*Spanish* **distrito central de negocios** *Abbreviation:* DCN**centrifugal force***French* **force centrifuge***Spanish* **fuerza centrífuga****challenging environment***French* **milieu difficile***Spanish* **medio hostil**

change One of the key concepts in MYP Individuals & Societies (MYP I&S guide)" Change is a conversion, transformation, or movement from one form, state or value to another. Inquiry into the concept of change involves understanding and evaluating causes, processes and consequences." For individuals and societies, the concept of change allows examination of the forces that shape the world: past, present and future. The causes and effects of change can be natural and artificial; intentional and unintentional; positive, negative or neutral.

French **changement***Spanish* **cambio****change in demand***French* **évolution de la demande***Spanish* **cambio en la demanda****change in supply***French* **évolution de l'offre***Spanish* **cambio en la oferta****channel shape***French* **forme du lit***Spanish* **forma del cauce****chemical waste***French* **déchets chimiques***Spanish* **residuos químicos****child mortality rate***French* **taux de mortalité infantile***Spanish* **tasa de mortalidad en la niñez****Chi-square test***French* **Khi carré***Spanish* **prueba de chi cuadrado****choropleth map***French* **carte choroplèthes***Spanish* **mapa de coropletas****chronic hunger***French* **faim chronique***Spanish* **hambre crónica**

circular economy *Definition:* A circular economy is one that is restorative and regenerative by design, and which aims to keep products, components and materials at their highest utility and value at all times, distinguishing between technical and biological cycles

French **économie circulaire***Spanish* **economía circular****city stadium***French* **stade municipal***Spanish* **estadio municipal**

civil society *Definition:* There is no one accepted definition of civil society, but it is usually used to refer to the uncoerced social relationships and organisations that feature in societies that work in the area between the household, the private sector and the state to negotiate matters of public concern. It often includes organisations such as trade unions, non-government organisations and community groups.

French **société civile***Spanish* **sociedad civil****cliff***French* **falaise***Spanish* **acantilado****cliff failure***French* **effondrement des falaises***Spanish* **derrumbe de acantilados****climate***French* **climat***Spanish* **clima****climate change***French* **changement climatique***Spanish* **cambio climático**

climatic characteristic

French **caractéristique climatique**
Spanish **característica climática**

coastal hazard

French **risque côtier**
Spanish **riesgos costeros**

coastal landform

French **modélé côtier**
Spanish **forma de relieve costero**

coastal margin

French **bande côtière**
Spanish **litoral**

coastal process

French **processus côtier**
Spanish **proceso costero**

coastline

French **littoral**
Spanish **costa**

commodity

French **produits de base**
Spanish **mercancía**

commuter town

French **banlieue dortoir**
Spanish **ciudad dormitorio**

commuting

French **migration pendulaire**
Spanish **migración pendular**

complexity *Definition:* Complexity thinking, or complexity science, looks at complex problems from multiple perspectives, with the constant presence of uncertainty and unpredictability
French **pensée complexe**
Spanish **pensamiento complejo**

compound graphs

French **graphiques à colonnes groupées**
Spanish **gráfico compuesto**

concentration

French **concentration**
Spanish **concentración**

confidence limit

French **limite de confiance**
Spanish **límite de confianza**

congestion

French **congestion routière**
Spanish **congestión**

conservation

French **conservation**
Spanish **conservación**

conservation policy

French **politique de conservation**
Spanish **política de conservación**

consumer culture

French **culture de la consommation**
Spanish **culture de la consommation**

consumer item *Definition:* Consumer item, (also consumer good or consumer product): Merchandise or other item for common or daily use, usually bought by individuals or households for private consumption.

French **bien de consommation**
Spanish **bien de consumo**

consumerism

French **consommérisme**
Spanish **consumerismo**

contemporary *Definition:* Refers to an event that has taken place within the student's lifetime

French **contemporain**
Spanish **contemporáneo**

continental shelf

French **plateforme continentale**
Spanish **plataforma continental**

continuum of diseases *Definition:*

The transition from diseases of poverty to diseases of affluence.

French **évolution des maladies**
Spanish **continuo de enfermedades**

coral reef

French **récif corallien**
Spanish **arrecife de coral**

core *Note:* The geography syllabus has a core theme, optional themes and higher level extension.

French **tronc commun**
Spanish **tronco común**

core and periphery *Definition:* The concept of a developed core surrounded by an undeveloped periphery. The concept can be applied at various scales

French **centre et périphérie**
Spanish **centro y periferia**

correlation

French **corrélation**
Spanish **correlación**

counter-urbanization *Definition:* A process involving the movement of population away from inner urban areas to a new town, a new estate, a commuter town or a village on the edge or just beyond the city limits/rural-urban fringe

French **contre-urbanisation**
Spanish **periurbanización**

craftism *Definition:* (also alternative trading network). This is the combining of craft and activism, and the use of creativity for a particular cause
 French **activisme créatif**
 Spanish **craftivismo (artesanía activista)**

crime
 French **criminalité**
 Spanish **delincuencia**

cross-profiles (sections)
 French **profils transversaux**
 Spanish **perfil topográfico**

crowdsourcing *Definition:* This is the practice of seeking contributions such as services, ideas, or content from online communities.
 French **technologies d'externalisation ouverte**
 Spanish **tecnologías de tercerización masiva**

crude birth rate
 French **taux brut de natalité**
 Spanish **tasa bruta de natalidad**

crude death rate
 French **taux brut de mortalité**
 Spanish **tasa bruta de mortalidad**

cultural diffusion
 French **diffusion culturelle**
 Spanish **difusión cultural**

cultural hybridity *Definition:* This is a contested view of the effect of globalization on cultures and how traces of other traditions and cultures exist in different societies or cultures.
 French **métissage culturel**
 Spanish **mestizaje cultural**

cultural imperialism *Definition:* The practice of promoting the culture or language of one nation in another. It is usually the case that the former is a large, economically or military powerful nation and the latter is a smaller, less affluent one
 French **impérialisme culturel**
 Spanish **imperialismo cultural**

cultural site
 French **site culturel**
 Spanish **lugar de interés cultural**

cultural trait
 French **caractéristique culturelle**
 Spanish **rasgo cultural**

cybersecurity
 French **cybersécurité**
 Spanish **ciberseguridad**

dam

French **barrage**
Spanish **represa**

data collection *Note:* This is a way of gaining knowledge.

French **collecte des données**
Spanish **recolección de datos**

day-trippers

French **excursion sur une seule journée**
Note: étant donné le contexte, traduit comme « excursions sur une seule journée » dans le guide, mais signifie « excursionnistes ».
Spanish **excursionista**

debt relief

French **allègement de la dette**
Spanish **condonación de la deuda**

deductive reasoning *Note:* This is a way of gaining knowledge.

French **raisonnement déductif**
Spanish **razonamiento deductivo**

demographic

French **démographique**
Spanish **demográfico**

demographic dividend *Definition:* As defined by the United Nations Population Fund (UNFPA) demographic dividend means the economic growth potential that can result from shifts in a population's age structure, mainly when the share of the working-age population (15 to 64) is larger than the non-working-age share of the population (14 and younger, and 65 and older)
French **dividende démographique**
Spanish **dividendo demográfico**

demographic transition *Definition:*

The transition as a country develops from high birth and death rates to lower birth and death rate
French **transition démographique**
Spanish **transición demográfica**

density

French **densité**
Spanish **densidad**

dependency ratio

French **rapport de dépendance démographique**
Spanish **tasa de dependencia**

depletion of green space

French **disparition des espaces verts**
Spanish **reducción de las zonas verdes**

deposition

French **sédimentation**
Spanish **sedimentación**

depositional coast

French **côte sédimentaire**
Spanish **costa de sedimentación**

deprivation

French **marginalisation**
Spanish **marginación**

desertification

French **désertification**
Spanish **desertización**

development aid

French **aide au développement**
Spanish **ayuda al desarrollo**

diaspora

French **diaspora**
Spanish **diáspora**

diffusion by expansion

French **diffusion par extension**
Spanish **difusión por expansión**

diffusion by relocation

French **diffusion par relocalisation**
Spanish **difusión por relocalización**

diffusion of cultural traits

French **diffusion des caractéristiques culturelles**
Spanish **disolución cultural**

dilution of culture

French **dilution de la culture**
Spanish **disolución cultural**

direct foreign investment

French **investissement direct à l'étranger**
Spanish **inversión extranjera directa**

direction

French **direction**
Spanish **dirección**

disaster *Definition:* A major hazard event, which causes widespread disruption to a community or region, with significant demographic, economic and/or environmental losses, and which the affected community is unable to deal with adequately without outside help

French **désastre**
Spanish **desastre**

discharge

French **débit**
Spanish **caudal**

disease of affluence *Definition:* This

refers to selected diseases and other health conditions thought to result from the increasing wealth of individuals and societies. Diet and sedentary lifestyle are considered to be the causes of current levels of obesity, cardiovascular disease, high blood pressure, and diabetes.

French **maladie de la richesse**
Spanish **enfermedad de la riqueza**

disease of poverty *Definition:* This describes diseases and health conditions that affect a country's poor rather than affluent people. Poverty can be considered the leading cause or risk factor for such diseases, which can be barriers to economic development that could tackle poverty.

French **maladie de la pauvreté**

Spanish **enfermedad de la pobreza**

dispersion

French **dispersion**

Spanish **dispersión**

disruptive technology *Definition:* This describes diseases and health conditions that affect a country's poor rather than affluent people. Poverty can be considered the leading cause or risk factor for such diseases, which can be barriers to economic development that could tackle poverty

French **maladie de la pauvreté**

Spanish **tecnología disruptiva**

dot maps

French **cartes de répartition par points**

Spanish **mapa de puntos**

drainage basin *Definition:* The area drained by a river and its tributaries

French **bassin hydrographique**

Spanish **cuenca hidrográfica**

drainage basin level

French **au niveau d'un bassin hydrographique**

Spanish **nivel de la cuenca hidrográfica**

drainage divide *Definition:* The line defining the boundary of a river or stream drainage basin and separating it from adjacent basin(s)

French **ligne de partage des eaux**

Spanish **divisoria de aguas**

drought

French **sécheresse**

Spanish **sequía**

dune

French **dune**

Spanish **duna**

earthquake*French* **séisme***Spanish* **terremoto****ecocity***Definition:* An ecocity is a settlement modeled on the self-sustaining resilient structure and function of natural ecosystems. An ecocity seeks to provide for its inhabitants without consuming more renewable resources than it replaces.*French* **ville durable (écocité)***Spanish* **diseño urbano ecológico****ecological footprint***Definition:* The theoretical measurement of the amount of land and water a population requires to produce the resources it consumes and to absorb its waste under prevailing technology.*French* **empreinte écologique***Spanish* **huella ecológica****economic environment***French* **milieu économique***Spanish* **entorno económico****economic flow***French* **flux économique***Spanish* **flujo económico****economic interaction***French* **interaction économique***Spanish* **interacción económica****economic water scarcity***Definition:* Where water is available locally but not accessible for human, institutional or financial capital reasons*French* **rareté économique de l'eau***Spanish* **escasez económica de agua****ecotourism***Definition:* This is defined by the International Ecotourism Society as "responsible travel to natural areas that conserves the environment, sustains the well-being of the local people, and involves interpretation and education*French* **écotourisme***Spanish* **ecoturismo****EEZ***Full term:* Exclusive economic zone*Definition:* An area in which a coastal nation has sovereign rights over all the economic resources of the sea, seabed and subsoil, extending up to 200 nautical miles from the coast*French* **ZEE** *Full term:* zone économique exclusive*Spanish* **ZEE** *Full term:* zona económica exclusiva**el Niño***French* **el Niño***Spanish* **El Niño****El Niño Southern Oscillation***Abbreviation:* ENSO*French* **ENSO** *Full term:* El Niño / Oscillation australe*Spanish* **ENOS** *Full term:* El Niño-Oscilación del Sur**Embedded Water (or Virtual Water)***Definition:* This is the volume of fresh

water used in the various stages in the production of a product, measured at the place where it was actually produced.

French **l'eau contenue dans les produits alimentaires et les produits manufacturés***Spanish* **el agua contenida en los alimentos y los productos manufacturados****energy efficiency ratios***French* **efficacité énergétique***Spanish* **índice de eficiencia energética****energy transfers***French* **transferts d'énergie***Spanish* **transferencia de energía****energy security***Definition:* The International Energy Agency defines energy security as the uninterrupted availability of energy sources at an affordable price, this can be considered at both short and long term scales.*French* **sécurité énergétique***Spanish* **seguridad energética****entertainment***French* **divertissement***Spanish* **entretenimiento****environmental awareness***French* **sensibilisation envers l'environnement***Spanish* **conciencia ambiental****environmental carrying***capacity* *Definition:* The maximum number before the local environment becomes damaged.*French* **capacité d'accueil au niveau****environnemental***Spanish* **capacidad de carga del ambiente****environmental control***French* **mesures de protection de l'environnement***Spanish* **cambio ambiental****environmental degradation***French* **dégradation de l'environnement***Spanish* **degradación ambiental****environmental hazard***French* **danger environnemental***Spanish* **amenaza ambiental****environmental sustainability***French* **durabilité de l'environnement***Spanish* **sustentabilidad ambiental****environmentally sustainable pollution management strategy***French* **stratégie de gestion durable de la pollution sur le plan environnemental***Spanish* **estrategia de gestión ambientalmente sustentable de la contaminación**

epidemiology *Definition:* Epidemiology is a branch of medical science that studies the incidence, distribution and causes of health-related events in specified populations, and applying the study to the control of health problems.

French **épidémiologie**

Spanish **epidemiología**

erosion

French **érosion (fluviale)**

Spanish **erosión**

eustatic *Definition:* This is a uniform global change in sea level

French **eustatique**

Spanish **eustático**

eutrophication

French **eutrophisation**

Spanish **eutroficación**

exchange

French **échange**

Spanish **intercambio**

exclusive economic zone

Abbreviation: EEZ *Definition:* An area in which a coastal nation has sovereign rights over all the economic resources of the sea, seabed and subsoil, extending up to 200 nautical miles from the coast

French **zone économique exclusive** *Abbreviation:* ZEE

Spanish

experimentation *Note:* This is a way of gaining knowledge.

French **expérimentation**

Spanish **experimentación**

external migration

French **migration extérieure**

Spanish **migración exterior**

extreme environment

French **milieu extrême**

Spanish **ambiente extremo**

extreme weather *Definition:* This is a weather event that differs widely from the usual or seasonal patterns

French **phénomènes météorologiques extrêmes**

Spanish **fenómenos meteorológicos extremos**

fair trade*French* commerce équitable*Spanish* comercio justo**fall in land level***French* baisse du niveau des terres*Spanish* descenso del nivel del terreno**family size***French* taille de la famille*Spanish* tamaño de la familia**family status***French* situation de famille*Spanish* estado familiar**famine***French* famine*Spanish* hambruna**foreign direct investment (FDI)***Definition:* An investment made by a company or entity based in one country, into a company or entity based in another country*French* investissement direct à l'étranger (IDE)*Spanish* inversión extranjera directa (IED)**feedback loop***French* boucle de rétroaction*Spanish* bucle de retroalimentación**fertility***French* fécondité*Spanish* fecundidad**field sketch***French* croquis de terrain*Spanish* croquis de campo**fieldwork investigation***French* recherche sur le terrain*Spanish* investigación del trabajo de campo**fieldwork question***French* question directrice du travail de terrain*Spanish* pregunta de investigación del trabajo de campo**financial flow***French* flux financier*Spanish* flujo de capital**fish yield***French* exploitation des populations aquatiques*Spanish* rendimiento pesquero**fishing***French* pêche*Spanish* pesca**flash flood***French* crue éclair*Spanish* inundación repentina**flood***French* inondation*Spanish* inundación**flood mitigation** *Definition:* This involves the management and control of flood water movement rather than trying to prevent floods altogether, it also involves the management of individuals and settlements through measures such as evacuation or protecting properties.*French* gestion des plaines inondables*Spanish* mitigación de las inundaciones**floodplain***French* plaine inondables*Spanish* llanura aluvial**floodplain management***French* gestion des plaines inondables*Spanish***floodplain***French* plaine inondables*Spanish* llanura aluvial**flow***French* flux*Spanish* flujo**flow chart***French* organigramme*Spanish* gráfico de flujo**flow diagram***French* organigramme*Spanish* diagrama de flujo**flow map***French* cartes de flux*Spanish* mapa de flujo**flow of labour***French* flux de main-d'œuvre*Spanish***flow***French* flux*Spanish* flujo**flows of goods, materials and people***French* flot de biens, de matériaux et de*personnes**Spanish* flujo de mercancías, materiales y*personas***flow of labour***French* flux de main-d'œuvre*Spanish* flujo de trabajadores**fluvial geomorphology***French* géomorphologie fluviale*Spanish* geomorfología fluvial

food aid*French* aide alimentaire*Spanish* ayuda alimentaria**food deficiency***French* déficience alimentaire*Spanish* deficiencia alimentaria

food mile *Definition:* A measure of the distance food travels from its source to the consumer. This can be given either in units of actual distance or of energy consumed during transport

French kilomètre-aliment*Spanish* kilómetro alimentario

food security *Definition:* The World Food Summit defined food security as existing when all people at all times have access to sufficient, safe, nutritious food to maintain a healthy and active life. It includes both physical and economic access to food that meets dietary needs as well as food preferences.

French sécurité alimentaire*Spanish* seguridad alimentaria

food security index *Definition:* This index was developed by the Economist Intelligence Unit and ranks individual countries on food affordability, accessibility, availability, nutritional value and safety.

French indice de sécurité alimentaire*Spanish* índice de seguridad alimentaria**food shortage***French* pénurie alimentaire*Spanish* escasez de alimentos**food sufficiency***French* suffisance alimentaire*Spanish* suficiencia alimentaria**forced migration***French* migration forcée*Spanish* migración forzada**formal employment***French* emploi formel*Spanish* empleo formal**free trade***French* libre-échange*Spanish* libre comercio**freeze-thaw***French* gel-dégel*Spanish* gelificación**frequency***French* fréquence*Spanish* frecuencia**freshwater***French* eau douce*Spanish* agua dulce**freshwater marsh***French* marais d'eau douce*Spanish* marisma de agua dulce**freshwater wetland management***French* gestion des zones humides d'eau douce*Spanish* gestión de los humedales de agua dulce**friction of distance***French* friction de la distance*Spanish* fricción de la distancia**frost heave***French* soulèvement par le gel*Spanish* palpitación

Gender Inequality Index GII

Definition: The GII measures gender inequalities in three aspects of human development: reproductive health, empowerment, and economic status, and indicates differences in the distribution of achievements between women and men.

French **indice d'inégalité de genre IIG**

Spanish **índice de desigualdad de género IDG**

gentrification

French **embourgeoisement**

Spanish **gentrificación**

geographer

French **géographe**

Spanish **geógrafo**

geographic

Definition: This term encompasses all the demographic, environmental, social, cultural, economic and political factors that could influence or be influenced by the geography of an area

French **géographique**

Spanish **geográfico**

geographic concept

French **concept géographique**

Spanish **concepto geográfico**

geographic fieldwork

French **travail de terrain géographique**

Spanish **trabajo de campo geográfico**

Geographic Information**Systems**

Abbreviation: GIS

French **systèmes d'information géographique**

Abbreviation: SIG

Spanish: **sistema de información geográfica**

Abbreviation: SIG

geographic models

French **modèles géographiques**

Spanish **modelo geográfico**

geographic pattern

French **distribution spatiale**

Spanish **patrón geográfico**

geographic perception

French **perception géographique**

Spanish **percepción geográfica**

geographic process

French **processus géographique**

Spanish **proceso geográfico**

geographic research question

French **question de recherche géographique**

Spanish **pregunta de investigación geográfica**

geographic research topic

French **sujet de recherche géographique**

Spanish **tema de investigación geográfica**

geographic skills

French **compétences géographiques**

Spanish **destreza geográfica**

geographic theory

French **danger géophysique**

Spanish **teoría geográfica**

geophysical hazard

French **danger géophysique**

Spanish **amenaza geofísica**

geophysical hazard risk

French **risque de danger géophysique**

Spanish **riesgo de amenaza geofísica**

geopolitical

Definition: The combination of locational and political factors relating to or influencing a region or nation

French **géopolitique**

Spanish **geopolítico**

geopolitics

French **géopolitique**

Spanish **geopolítica**

Gini coefficient

French **coefficient de Gini**

Spanish **coeficiente de Gini**

glacial area

French **zone glaciaire**

Spanish **zona glaciár**

glacial environment

French **milieu glaciaire**

Spanish **medio glaciár**

glacier

French **glacier**

Spanish **glaciár**

global climate change

Definition:

The changes in global patterns of rainfall and temperatures, sea level, habitats and the incidence of droughts, floods and storms, resulting from changes in the Earth's atmosphere, believed to be mainly caused by the enhanced greenhouse effect

French **changement climatique mondial**

Spanish **cambio climático global**

global core

French **centre**

Spanish **centro**

global data flow

French **circulation des données mondiales**

Spanish **flujo global de datos**

global dimming

Definition: This is the decrease in the amount of sunlight reaching the surface of the earth, attributed to pollution and other particles in the atmosphere.

French **obscurcissement planétaire**

Spanish **oscurecimiento global**

global ecological footprint*French* **empreinte écologique mondiale***Spanish* **huella ecológica mundial****global energy balance***French* **global energy balance***Spanish* **equilibrio energético global****global interaction***French* **interaction mondiale***Spanish* **interacción global****global megacity***French* **métropole mondiale***Spanish* **megaciudad**

global middle class *Definition:* Many notions associated with the growing global middle class are contested, but the term is used by various organisations and institutions to describe those that move across and past the poverty line. The poverty line is a minimum income threshold and varies between countries

French **classe moyenne mondiale***Spanish* **clase media global**

global superpower *Definition:* A superpower is considered to be an extremely powerful nation capable of influencing international events and the acts and policies of less powerful nations and exert influence on a global scale. A potential superpower is a state that is possibly in the process of becoming a superpower at some point. Presently only the USA meets the criteria to be considered a superpower.

French **superpuissance mondiale***Spanish* **superpotencia global****global warming***French* **réchauffement de la planète***Spanish* **calentamiento global**

globalization *Definition:* The growing interdependence of countries worldwide through the increasing volume and variety of cross-border transactions in goods, services and of international capital flows, and through the more rapid and widespread diffusion of technology (source IMF)

French **mondialisation***Spanish* **globalización**

globalization index *Definition:* The A T Kearney index is one of several measures of globalization. It tracks changes in four key components of global integration: trade and investment flows; movement of people across borders; volumes of international telephone traffic and internet usage; participation in international organizations. (source: A T Kearney; Foreign Policy)

French **indice de mondialisation***Spanish* **índice de globalización**

glocalization *Definition:* A term that was invented in order to emphasize that the globalization of a product is more likely to succeed when the

product or service is adapted specifically to each locality or culture it is marketed in. The increasing presence of McDonald's restaurants worldwide is an example of globalization, while the restaurant chain's menu changes in an attempt to appeal to local tastes are an example of glocalization

French **glocalisation***Spanish* **glocalización****graph***French* **graphique***Spanish* **gráfico****Green Revolution***French* **révolution verte***Spanish* **Revolución Verde****greenhouse effect***French* **effet de serre***Spanish* **efecto invernadero****grid reference**

French **coordonnées de quadrillage à quatre chiffres ; coordonnées de quadrillage à six chiffres**

Spanish **sistema de referencia de coordenadas****gross national income** *Abbreviation:*

GNI Definition: Previously known as gross national product, GNP. - The total value of goods and services produced within a country together with the balance of income and payments from or to other countries

French **revenu national brut** *Abbreviation:* RNB*Spanish* **ingreso nacional bruto** *Abbreviation:* INB**gross national product***French* **produit national brut** *Abbreviation:* PNB*Spanish* **producto nacional bruto** *Abbreviation:* PNB**ground water abstraction***French* **captage des eaux souterraines***Spanish* **extracción de aguas subterráneas****ground-level photographs***French* **photographies au niveau du sol**

habitat

French **habitat**
Spanish **hábitat**

health-adjusted life**expectancy** *Abbreviation:* **HALE**

French **espérance de vie ajustée en fonction de l'état de santé** *Abbreviation:* **EVAS**
Spanish **esperanza de vida ajustada en función del estado de salud** *Abbreviation:* **EVAS**

hazard

Definition: A threat (whether natural or human) that has the potential to cause loss of life, injury, property damage, socio-economic disruption, or environmental degradation

French **danger**
Spanish **amenaza**

hazard event

Definition: The occurrence (realization) of a hazard, the effects of which change demographic, economic and/or environmental conditions

French **aléa**
Spanish **acontecimiento catastrófico**

hazardous material

French **matière dangereuse**
Spanish **sustancia peligrosa**

hazard perception

French **perception du danger**
Spanish **percepción de las amenazas**

human development index

Abbreviation: **HDI**
French **indice de développement humain**
Abbreviation: **IDH**
Spanish **índice de desarrollo humano**
Abbreviation: **IDH**

heritage site

French **site patrimonial**
Spanish **lugar patrimonial**

heritage tourism

Definition: Tourism based on an historic legacy (landscape feature, historic building or event) as its major attraction.
French **tourisme patrimonial**
Spanish **turismo patrimonial**

hierarchy of development

French **hiérarchie des établissements humains**
Spanish **jerarquía de los asentamientos**

high altitude environment

French **milieu de haute altitude**
Spanish **medio de alta montaña**

higher level extension

French **complément du niveau supérieur**
Spanish **ampliación para el Nivel Superior**

homogenization

French **homogénéisation**
Spanish **homogeneización**

host society

French **société hôte**
Spanish **sociedad de acogida**

hot deserts

market access

French **accès aux marchés**
Spanish **acceso a los mercados**

mass movement Usage example: it also encompasses mass movements such as landslides, rockslides, debris or mud flows

French **mouvement de masse**
Spanish **movimiento de ladera**

matrix

French **matrice**
Spanish **matriz**

maximum sustainable yield

Definition: The maximum level of extraction of water that can be maintained for a given area indefinitely

French **rendement équilibré maximal**
Spanish **rendimiento máximo sustentable**

measure of diversity

French **mesure de diversité**
Spanish **medida de diversidad**

megacity *Definition:* A term used, especially by the UN, to describe a city with a population exceeding the threshold of 10 million. A megacity can be a single metropolitan area or two or more

adjacent metropolitan areas that converge.

French **mégapole**
Spanish **megalópolis**

mental map

French **carte mentale**
Spanish **mapa mental**

metric map

French **carte à l'échelle métrique**
Spanish **mapa métrico**

multi-governmental**organisation (MGO)**

Definition: Organizations formed between three or more nations to work on issues that relate to all of the countries in the organization.

French **organisation multigouvernementale**
Spanish **organización intergubernamental (OIG)**

microfinance *Definition:* This is the provision of loans and other financial services, such as insurance, to poor individuals. Microfinance organizations help people in underprivileged communities access money they need to start businesses or buy homes when they can't get finance through a traditional bank.

French **microfinance**
Spanish **microfinanciación**

middle-income country

French **pays à revenu intermédiaire**
Spanish **país de ingresos medios**

mid-ocean ridge

French **dorsale médio-océanique**
Spanish **dorsal oceánica**

migration *Definition:* The movement of people, involving a permanent (more than one year) change of residence. It can be internal or external (international) and voluntary or forced. It does not include temporary circulations such as commuting or tourism

French **migration**
Spanish **migración**

mineral extraction

French **extraction minière**
Spanish **extracción minera**

mitigation *Definition:* Reduction or elimination of the force or intensity of a risk, stress, impact or threat.

French **atténuation**
Spanish **mitigación**

modern energy *Definition:* Reduction or elimination of the force or intensity of a risk, stress, impact or threat.

French **énergie moderne**
Spanish **energía moderna**

mortality

French **mortalité**
Spanish **mortalidad**

mud flow

French coulée de boue

Spanish alud de barro

multi-lateral agreement

French accord multilatéral

Spanish acuerdo multilateral

NAFTA *Full term:* North American Free Trade Agreement
French **ALENA** *Full term:* Accord de libre-échange nord-américain
Spanish **TLCAN** *Full term:* Tratado de Libre Comercio de América del Norte

national migration *Note:* This refers to internal migration; it is specified as "national" in the guide to contrast it to "international migration".
French **migration nationale**
Spanish **migración nacional**

nationalism *Definition:* sentiment that nations should act independently instead of working together, and can also be defined as being devoted to one's own country.
French **nationalisme**
Spanish **nacionalismo**

natural greenhouse effect
French **effet de serre naturel**

Spanish **residuos petrolíferos**

optimistic view

Definition: This reflects a favourable view of events and conditions and the expectation of a positive outcome.
French **vision optimiste**
Spanish **perspectiva optimista**

optional theme

French **option**
Spanish **tema opcional**

organized outings and events

French **sorties et événements organisés**
Spanish **salidas y actividades organizadas**

out-migration

French **exode**
Spanish **emigración**

output

French **pertes**
Spanish **salida**

outsourcing *Definition:* The concept of taking internal company functions and paying an outside firm to handle them. Outsourcing is done to save money, improve quality, or free company resources for other activities

French **externalisation**
Spanish **subcontratación**

outward growth

French **étalement**
Spanish **expansión urbana**

overcrowding

French **surpeuplement**
Spanish **hacinamiento**

overfishing

French **surpêche**
Spanish **sobreexplotación pesquera**

overlay

French **superposition**
Spanish **transparencia**

pattern *Definition:* In the presentation and description of data this term covers the arrangement or changes of spatial elements.

French **distribution spatiale**

Spanish **patrón; patrón espacial**

patterned ground

French **terrain réticulé**

Spanish **suelo poligonal**

peak discharge

French **débit de pointe**

Spanish **caudal máximo**

percentage

French **pourcentage**

Spanish **porcentaje**

perceptual carrying capacity

Definition: The maximum number before a specific group of visitors considers the level of impact, such as noise, to be excessive.

French **capacité d'accueil au niveau de la perception**

Spanish **capacidad de carga perceptual**

periglacial area

French **zone périglaciaire**

Spanish **zona periglaciár**

periglacial environment

French **milieu périglaciaire**

Spanish **medio periglaciár**

periglacial landscape

French **paysage périglaciaire**

Spanish **paisaje periglaciár**

periglacial landscape feature

French **caractéristique topographique**

périglaciaire

Spanish **elemento del paisaje periglaciár**

perinatal mortality *Definition:* A

perinatal death is when the foetus dies (stillbirth) or the child dies right after being born. It is expressed as a rate per 1,000 born

French **mortalité périnatale**

Spanish **mortalidad perinatal**

periphery

French **périphérie**

Spanish **periferia**

permafrost

French **pergélisol**

Spanish **permafrost**

physical environment

French **environnement physique**

Spanish **medio físico**

physical geography

French **géographie physique**

Spanish **geografía física**

physical water scarcity *Definition:*

Where water resource development is approaching or has exceeded sustainable levels. It relates water availability to water demand and implies that arid areas are not necessarily water scarce.

French **rareté physique de l'eau**

Spanish **escasez física de agua**

pie charts

French **graphiques circulaires**

Spanish **gráfico circular**

pingo

French **pingo**

Spanish **pingo**

place *Definition:* Place is one of the key concepts of the course. Places can be identified at a variety of scales, from local territories or locations to the national or state level. Places can be compared according to their cultural or physical diversity, or disparities in wealth or resource endowment. The characteristics of a place may be real or perceived, and spatial interactions between places can be considered.

French **lieu**

Spanish **lugar**

plate margin

French **limite des plaques tectoniques ;**

frontière de plaques

Spanish **límite de placa**

polar area

French **zone polaire**

Spanish **zona polar**

political unit

French **unité politique**

Spanish **unidad política**

pollution

French **pollution**

Spanish **contaminación**

pollution event

French **cas de pollution**

Spanish **suceso contaminante**

poor quality housing

French **mauvaise qualité de l'habitat**

Spanish **vivienda de mala calidad**

population momentum

French **élan démographique**

Spanish **ímpetu demográfico**

population projection

French **projection de population**

Spanish **proyección de población**

population pyramids

French **pyramides des âges**

Spanish **pirámide de población**

possibility *Definition:* Possibility is one of the key concepts of the course. Possibilities are the alternative events, futures and outcomes that geographers can model, project or predict with varying degrees of certainty. Key contemporary questions include the degree to which human and environmental systems are sustainable and resilient, and can adapt or change
French **possibilité**
Spanish **posibilidad**

potential superpower
French **superpuissance potentielle**
Spanish **superpotencia emergente**

power *Definition:* Power is one of the key concepts of the course. Power is the ability to influence and affect change or equilibrium at different scales. Power is vested in citizens, governments, institutions and other players, and in processes in the natural world. Equity and security, both environmental and economic, can be gained or lost as a result of the interaction of powerful forces
French **pouvoir**
Spanish **poder**

predictability
French **prévisibilité**
Spanish **predecibilidad**

prediction
French **prédiction**
Spanish **predicción**

preparedness
French **préparation**
Spanish **grado de preparación**

primary information *Definition:* Material and data collected in the field through measurement and observation. It can include both qualitative and quantitative information
French **données brutes; données primaires**
Spanish **información primaria**

primary tourist/recreational resources *Definition:* The pre-existing attractions for tourism or recreation (that is, those not built specifically for the purpose), including climate, scenery, wildlife, indigenous people, cultural and heritage sites. These are distinguished from secondary tourist/recreational resources, which include accommodation, catering, entertainment and shopping
French **ressources récréatives et touristiques primaires**
Spanish **recurso turístico o recreativo primario**

process *Definition:* Process is one of the key concepts of the course. Processes are human or physical mechanisms of change, such as migration or weathering. They operate on varying timescales. Linear systems, circular systems, and complex systems are all outcomes of the way in which processes operate and interact.
French **processus**

Spanish **proceso**

pro-natalist policy
French **politique nataliste**
Spanish **política pronatalista**

property damage
French **dégâts matériels**
Spanish **daños materiales**

proportional symbol map
French **carte en symboles proportionnels**
Spanish **mapa de símbolos proporcionales**

protectionism *Definition:* This refers to government actions and policies that restrict international trade with the intent of protecting local businesses and jobs from competition.
French **protectionnisme**
Spanish **proteccionismo**

radioactive waste

French déchets radioactifs
Spanish residuos radiactivos

rainfall

French précipitations
Spanish precipitaciones

Ramsar convention *Definition:* The Convention on Wetlands, called the Ramsar Convention, is an intergovernmental treaty that provides the framework for national action and international cooperation for the conservation and wise use of wetlands and their resources. [Source: Ramsar]

French Convention de Ramsar
Spanish Convención de Ramsar

range of data

French éventail de données
Spanish rango de datos

ratio

French quotient; rapport; coefficient; ratio
Spanish índice; relación; coeficiente; ratio

raw material

French matières premières
Spanish materia prima

raw-material production

French production des matières premières
Spanish producción de materias primas

recent *Definition:* not long past, can be considered as being in the lifetime of the student
French récent
Spanish reciente

recreation *Definition:* A leisure-time activity undertaken voluntarily and for enjoyment. It includes individual pursuits, organized outings and events, and non-paid (non-professional) sports
French activité récréatives
Spanish actividad recreativa

recreational facilities

French installations récréatives
Spanish instalaciones recreativas

recycling

French recyclage
Spanish reciclaje

redevelopment

French réaménagement
Spanish rehabilitación

refurbishment

French modernisation
Spanish remodelación

regeneration strategies

French stratégies de réhabilitation
Spanish estrategia de regeneración

relict cliff

French falaise morte
Spanish acantilado fósil

relief characteristics

French caractéristiques topographiques
Spanish característica del relieve

remittance *Definition:* Transfer of money/goods by foreign workers to their home countries

French envoi de fonds
Spanish remesa

remoteness

French isolation géographique
Spanish inaccesibilidad

repatriation of profits

French rapatriement des bénéfices
Spanish repatriación de los beneficios

research question

French question de recherche
Spanish pregunta de investigación

reservoir

French réservoir
Spanish embalse

reshoring *Definition:* This is the bringing of outsourced personnel and services back to the location from which they were originally offshored.
French relocalisation
Spanish relocalización

residential population density

French densité résidentielle
Spanish densidad de población residencial

resilience

French résilience
Spanish resiliencia

resort *Definition:* A settlement where the primary function is tourism. This includes hotel complex
French centre de villégiature
Spanish complejo turístico

resource base

French réserve de ressources
Spanish

resource consumption

French consommation des ressources
Spanish consumo de recursos

resources booklet

French livret de références
Spanish cuadernillo de consulta

restoration

French restauration

Spanish recuperación

resultant landform

French **modèle produit par ces processus**
Spanish **forma de relieve resultante**

retail activity

French **activité commerciale**
Spanish **actividad comercial**

retreating coastline *Definition:* Coasts

along which the dominant processes are erosional, resulting in the coastline moving inland. Retreating coasts may also arise from a positive change in sea level (sea level rise or fall in land level).

French **trait de côte en régression**
Spanish **costa en retroceso**

re-urbanization *Definition:* The

development of activities to increase residential population densities within the existing build-up area of a city. This may include the re-development of vacant land and the refurbishment of housing and development new business enterprises

French **réurbanisation**
Spanish **reurbanización**

rift

French **rift**
Spanish **valle de dislocación; rift**

risk *Definition:* Risk is the probability of a hazard event causing harmful consequences (expected losses in terms of deaths, injuries, property damage, economy and environment).

French **risque**
Spanish **riesgo**

risk assessment

French **évaluation du risque**
Spanish **evaluación de riesgos**

risk response

French **réactions**
Spanish **respuesta al riesgo**

river basin

French **bassin fluvial**
Spanish **cuenca fluvial**

river flood

French **rivière en crue**
Spanish **riada**

river landform

French **modèle fluvial**
Spanish **forma de relieve fluvial**

rose diagram

French **graphe en étoile**
Spanish **diagrama de coordenadas polares**

rural–urban fringe

French **frange urbaines**
Spanish **área periurbana**

rural–urban migration

French **exode rural**
Spanish **migración del campo a la ciudad**

safe drinking water*French* eau potable*Spanish* agua potable**safe water***French* eau potable*Spanish* agua segura**safety guideline***French* directive relative à la sécurité*Spanish* norma de seguridad**safety regulation***French* règle de sécurité*Spanish* medida de seguridad**salinity***French* salinité*Spanish* salinidad**salinization***French* salinisation*Spanish* salinización**sampling technique***French* technique d'échantillonnage*Spanish* técnica de muestreo**satellite image***French* images satellite*Spanish* imagen de satélite

scale *Definition:* Scale is an organizing concept in the course and has both temporal timescales and spatial perspectives. Topics within the syllabus can be studied at various spatial scales: where local scale refers to areas of limited extent; national scale refers to a country; international scale encompasses several countries sharing some common element (such as economic, political, locational); global scale refers to the world as a whole.

French échelle*Spanish* escala**scatter graph***French* graphique de dispersion*Spanish* gráfico de dispersión**scenery***French* paysage*Spanish* paisaje**UN Sustainable Development Goals (UNSDG or SDG)***French* objectifs de développement durable des Nations Unies (ODD)*Spanish* Objetivos de Desarrollo Sostenible de las Naciones Unidas (ODS)**sea level***French* niveau de la mer*Spanish* nivel del mar**sea level fall***French* baisse du niveau de la mer*Spanish* bajada del nivel del mar**sea level rise***French* élévation du niveau de la mer*Spanish* subida del nivel del mar**seabed***French* fond marin*Spanish* fondo marino

secondary hazard *Definition:* Indirect or secondary hazards are those that result from an initial event or primary hazard, but can happen at a later date.

French danger secondaire*Spanish* amenaza secundaria**secondary information** *Definition:*

Information that has already been compiled in written, statistical or mapped forms

French données secondaires*Spanish* información secundaria**secondary tourist/recreational resources** *Definition:* These include accommodation, catering, entertainment and shopping.*French* ressources récréatives et touristiques secondaires*Spanish* recurso turístico o recreativo secundario**sediment***French* sédiment*Spanish* sedimento**semi-arid areas***French* zone semi-aride*Spanish* zona semiárida**service activity***French* activité de services*Spanish* actividad de servicio**settlement***French* établissement (humain)*Spanish* asentamiento**sexually transmitted disease***French* maladie sexuellement transmissible*Spanish* enfermedad de transmisión sexual**short-answer questions***French* question à réponses courtes*Spanish* respuesta corta**short-term trend***French* tendances à court terme*Spanish* tendencia a corto plazo

short-wave radiation

French rayonnement de courtes longueurs d'onde

Spanish radiación de onda corta

shrinking world

Definition: This refers to how it is now faster to travel, and easier to access and communicate with other parts of the world due to advances in technology.

French monde rétréci

Spanish mundo menguante

slum

French bidonville

Spanish asentamiento marginal

slum clearance

French suppression des bidonvilles

Spanish desalojo de asentamientos marginales

smart city

Definition: An urban area that creates sustainable economic development and high quality of life by excelling in key areas such as economy, mobility, environment, living, and government by integrating information and communications technology solutions.

French ville intelligente

Spanish ciudad inteligente

social deprivation

French isolement social

Spanish marginación social

social environment

French milieu social

Spanish entorno social

social stress

Definition: Social stressors collectively represent all those factors which can be present in society, such as culture, religion, education, economy, family and environmental factors, and can have positive or negative impact on stress levels.

French stress sociale; pression sociale

Spanish estrés social

socially sustainable housing management strategy

French stratégie de gestion des logements socialement durable

Spanish estrategia de gestión de viviendas socialmente sustentable

socio-economic

Definition: The combination of social factors (including demographic, cultural and political) and economic factors

French socio-économique

Spanish socioeconómico

socio-economic disruption

French perturbations socio-économiques

Spanish interrupción de las actividades socioeconómicas

soil degradation

Definition: A severe reduction in the quality of soils. The term includes soil erosion, salinization and soil exhaustion (loss of fertility)

French dégradation du sol

Spanish degradación del suelo

soil erosion

French érosion du sol

Spanish erosión del suelo

soil exhaustion

French épuisement du sol

Spanish agotamiento del suelo

solifluction

French solifluxion

Spanish soliflujión

source material

French sources

Spanish fuentes de referencia

sovereignty rights

French droits de souveraineté

Spanish derecho de soberanía

space

French espace

Spanish espacio

spatial component

French composante spatiale

Spanish componente espacial

spatial extent

Note: refers to floods

French étendue

Spanish extensión

spatial interaction

Definition: Spatial interaction is one of the organizing concepts of the course. Spatial interactions are the dynamic flows of goods, people, services or information among places, they can be complex and may also apply to the physical environment.

French interaction spatiale

Spanish interacción espacial

Spearman rank

French corrélation des rangs de Spearman

Spanish coeficiente de Spearman

spectrum of diversity

French spectre de la diversité

Spanish espectro de diversidad

speed of onset

French rapidité des effets

Spanish velocidad de desencadenamiento

sphere of influence

French sphère d'influence

Spanish esfera de influencia

sport *Definition:* A physical activity involving a set of rules or customs. The activity may be competitive.

French **sport**
Spanish **deporte**

sporting event

French **événement sportif**
Spanish **evento deportivo**

sports facilities

French **installations sportives**
Spanish **instalaciones deportivas**

squatter settlement

French **habitat spontané**
Spanish **asentamiento irregular**

statistical calculations

French **calculs statistiques**
Spanish **cálculo estadístico**

statistical technique

French **technique statistique**
Spanish **técnica estadística**

statistical test

French **test statistique**
Spanish **prueba estadística**

statistical yearbook

French **annuaire statistique**
Spanish **anuario estadístico**

stimulus material

French **matériel d type stimulus**
Spanish **material de estímulo**

store *Note:* refers to the hydrological cycle

French **réserve**
Spanish **almacenamiento**

storm

French **tempête**
Spanish **temporal**

storm surge

French **onde de tempête**
Spanish **marejada ciclónica**

strategy *Definition:* Reference to any management policies, initiatives and/or plans prior to implementation

French **stratégies**
Spanish **estrategia**

stream channel processes

French **processus de chenal de cours d'eau**
Spanish **proceso del cauce fluvial**

stream discharge

French **débit d'un cours d'eau**
Spanish

stream drainage basin

French **bassin hydrographique**
Spanish **cuenca hidrográfica de un río**

stream flow

French **écoulement fluvial**
Spanish **corriente de agua**

subaerial process

French **processus subaérien**
Spanish **proceso subaéreo**

subsoil

French **sous-sol**
Spanish **subsuelo**

substitution

French **substitution**
Spanish **sustitución**

suburb *Definition:* A residential area within or just outside the boundaries of a city

French **zone résidentielle périphérique**
Spanish **barrio periférico**

suburbanization

Definition: The outward growth of towns and cities to engulf surrounding villages and rural areas. This may result from the out-migration of population from the inner urban area to the suburbs or from inward rural-urban movement

French **périurbanisation**
Spanish **suburbanización**

superpower

French **superpuissance**
Spanish **superpotencia**

supply chain

French **chaîne d'approvisionnement**
Spanish **cadena de suministro**

survey site

French **site étudié**
Spanish **sitio de la investigación; punto de investigación**

sustainable circular system

Definition: In this system inputs are reduced and outputs are recycled

French **système circulaire durable**
Spanish **sistema circular sustentable**

sustainable management

French **gestion durable**
Spanish **gestión sustentable**

sustainable tourism

Definition: Tourism that conserves primary tourist resources and supports the livelihoods and culture of local people.

French **tourisme durable**
Spanish **turismo sustentable**

sustainable urban**management strategy** *Definition:* An

approach to urban management that seeks to maintain and improve the quality of life for current and future urban dwellers. Aspects of management may be social (housing quality, crime) economic (jobs, income) and environmental (air, water, land and resources)

French **stratégie de gestion urbaine durable**

Spanish **estrategia de gestión urbana**

sustentable

sustainable yield

French **rendement durable**

Spanish **rendimiento sustentable**

swamp

French **marécage**

Spanish **pantano**

transboundary pollution (TBP)*French* **pollution transfrontalière***Spanish* **contaminación transfronteriza****technological hazard***French* **danger technologique***Spanish* **amenaza tecnológica****telecommunications network***French* **réseau de télécommunications***Spanish* **red de telecomunicaciones****terrestrial albedo***French* **albédo de la Terre***Spanish* **albedo terrestre****territorial limit***French* **limites territoriales***Spanish* **límite territorial****text extracts***French* **extraits de texte***Spanish***thermohaline circulation***French* **circulation thermohaline***Spanish***thermokarst***French* **thermokarst***Spanish* **termokarst****threshold***Definition:* This refers to a certain level, or threshold, which if surpassed can lead to potential damage to the environment.*French* **seuil***Spanish* **umbral****throughflow***Definition:* The movement of water horizontally within the soil layer beneath the land surface, usually when the soil is completely saturated with water.*French* **débit traversier***Spanish* **escorrentía subsuperficial****tide***French* **marée***Spanish* **marea****transnational corporation (TNC)***Definition:* A firm that owns or controls productive operations in more than one country through direct foreign investment*French* **multinationale***Spanish* **corporación transnacional***Definition:* Travel away from home for at least one night for the purpose of leisure. waste overburden

French **accumulation des déchets**
Spanish **exceso de residuos**

waste reduction

French **réduction des déchets**
Spanish **reducción de residuos**

water balance

French **bilan hydrique**
Spanish **balance hídrico**

water footprint *Definition:* The water footprint looks at both direct and indirect water use of a process, product, company or sector and includes water consumption and pollution throughout the full production cycle from the supply chain to the end-user. [Source: The Water Footprint Network]
French **empreinte sur l'eau**
Spanish **huella hídrica**

water quality

French **qualité de l'eau**
Spanish **calidad del agua**

water scarcity *Definition:* (1) Physical water scarcity where water resource development is approaching or has exceeded sustainable levels. It relates water availability to water demand and implies that arid areas are not necessarily water scarce. (2) Economic water scarcity where water is available locally but not accessible for human, institutional or financial capital reasons
French **rareté de l'eau**
Spanish **escasez de agua**

water security *Definition:* The capacity of a population to safeguard sustainable access to adequate quantities of acceptable quality water for sustaining livelihoods, human well-being, and socio-economic development, for ensuring protection against water-borne pollution and water-related disasters, and for preserving ecosystems in a climate of peace and political stability. [Source: UN-Water]
French **sécurité hydrique**
Spanish **seguridad hídrica**

water usage

French **utilisation de l'eau**
Spanish **utilización del agua**

water-borne disease

French **maladies à transmission hydrique**
Spanish **enfermedad transmitida por el agua**

water–food–energy nexus

French **lien entre l'eau, l'alimentation et l'énergie**

Spanish **nexo agua-alimentos-energía**

watershed *Definition:* The line defining the boundary of a river or stream drainage basin and separating it from adjacent basin(s)
French **ligne de dispersion hydrographique**
Spanish **divisoria de aguas**

wave action

French **action des vagues**
Spanish **acción de las olas**

wave cut platform

French **plateforme d'érosion marine**
Spanish **plataforma de abrasión**

weather

French **conditions météorologiques; phénomènes météorologiques**
Spanish **tiempo**

weathering

French **météorisation**
Spanish **meteorización**

wetlands *Definition:* Areas that are regularly saturated by surface water or groundwater, including freshwater marshes, swamps and bogs
French **zones humides**
Spanish **humedal**

wicked problem *Definition:* A problem that is shaped by human and physical forces and that can be difficult or impossible to solve due to its complexity, or because it is incomplete, or is changing, and that there is a number of people and opinions involved.
